

## Buy Local and Strengthen Your Economy

Because our dealers do business right in your community, one thing is certain – your business matters to them and their success depends on the level of service they provide you. The result is consistent, personalized attention. Plus, together, we're keeping money and jobs in our communities. Local businesses employ the majority of individuals in our country and in your community, so they provide the most jobs to residents. Several studies have shown that the majority of these residents, in turn, funnel money back into the local economy. And since we are a country comprised of many local economies, this ripple effect strengthens the national economy too.

## We're an Experienced Government Vendor

Independent Stationers is a seasoned government vendor with the following accomplishments:
